Room 26

contacts: kaylasantoscusd.com

This week, our school will focus on the character strength of **Creativity**. Creativity means coming up with new and original ways to think about and do things. Creative people see the world differently. They are open to new experiences and think independently. They come up with many ideas and pursue them with energy and enthusiasm. Creativity takes courage because sharing original ideas can sometimes lead to criticism.

Creativity is vital to our world! Creative solutions can help resolve conflicts and find compromises that satisfy everyone involved, strengthening relationships. It helps us solve tough problems, create new things, and see the world in fresh ways.

To encourage creativity with your child at home, visit the Positivity Project's mobile-friendly [P2 for Families](#). There, you can watch a video, read a quote, and discuss three questions together.
