This week, our school community will focus on the character strength of **Bravery**. Bravery means you act with mental, moral, or physical strength, even when you know things are difficult or scary.

Bravery refers to voluntary (not coerced) action in the face of a dangerous circumstance. This strength involves judgment; the brave person must have an understanding of the risks and consequences involved in acting. This means that bravery isn't simply fearlessness but instead the overcoming of

fear.
